RIDE 100		
Identifiers	Trisport model name from 2020	RIDE 100
	Official name	Kettler RIDE 100
	Category	Exercise bike
	Range	
	Old model name until 2020	GIRO C1 Classic
	Trisport item number	HT1005-100
	EAN number	7640119481227
Mass	Dimensions (LxWxH)	90 × 54 × 136 cm
	Product weight	33 kg
	Maximum load	130 kg
Performance	Exercise bike level	Advanced
	Resistance system	Manual magnetic braking system
	Flywheel mass	6 kg
	Peak Watt power	None
Training	Resistance levels	8
	Number of training programmes	None
	Training mode	Manual (speed-dependent)
	Apps	None
	Special training forms	No
	Heart rate programme	No
	Watts displayed	No
	Therapeutic training	No
Training computer	Performance measurements (displayed)	Speed, calories, pulse, RPM, distance and training time
	Number of user profiles	None
	Bluetooth	No
	Display	85 x 48 mm LCD (extra large display)
	Languages	EN
Practicality	Handlebar	Tiltable handlebar
	Saddle	Extra large comfortable saddle (horizontally & vertically adjustable and tiltable)
	Easy to mount	Yes
	Rollers for easy transport	Yes
Features	Pulse monitoring	Chest strap optional, hand-grip pulse sensors included
	Pedals	Centre of gravity strap pedals
	Smartphone/tablet holder	Yes
	Height adjustment	Yes
	Power supply	Batteries (x2)
	Main colour	Black

- Exceptionally easy-to-use training computer with large display
- Extra wide and comfortable saddle (horizontally & vertically adjustable and tiltable)
- Manually adjustable magnetic braking system with 8 resistance levels (very low resistance in braking level 1)
- Pulse measurement via hand-grip pulse sensors
- Smartphone/tablet holder
- Flexible and mobile thanks to battery and rollers
